Quilting

"Sometimes you don't have no control the ways things are. Hail ruins the crops or fire burns you out. And then you're just given so much to work with in a life, and you have to do the best with what you got. That's what piecing is, The materials is passed on to you or is all you can afford. But the way you put them together is your business. You can put them in any order you like.

Piecing is order"
